## BAILEY MAKES REPLY CHILDREN ARE KILLED

Senator Complies With Request of Lower House.

## TOOK UP DOCUMENTS

Never Borrowed Money From Oil Company, Wants Charges to Be Specific and Leaves Matter With Legislature.

Austin, Jan. 18.—In reference to the house resolution, Senator Bailey Thursday afternoon addressed that body relative to the documents submitted by Attorney General Davidson. The senator was cheered when he entered the house.

Senator Bailey's first request on reaching the speaker's stand was to see the papers.

Mr. Cobb moved that the speaker and the senator retire to the speaker's room so that the senator might examine the papers quietly. This was carried, and the house took a recess for twenty minutes.

When Senator Bailey and Speaker Love came back into the chamber the latter rapped for order and warned those in the galleries against making demonstrations of any sort. He then presented Senator Bailey, who was received with cheers.

The papers the attorney general sent were the original documents, and he made the request that they be returned to him.

In his opening remarks Senator Bailey said:

"Before I proceed to an examination and a discussion of the papers themselves, I desire to briefly reply to the statement of the attorney general that he has only recently come into possession of these papers. Doubtless his statement was intended as a reply to the statement which I have frequently made, that I believed and that I had reason to believe that these papers were in his possession, or at his command, long before the Democratic primaries on July 23 last. (Applause and cheering.) You are entitled to know my reason for making that assertion, and I freely give it to you."

The senator took up the documents in order, he quoted from the vouchers. He said he had repeatedly borrowed money, but never from the Waters-Pierce Oil company.

Senator Bailey denied that he had ever been the attorney of the Waters-Pierce Oil company. "If they can produce their (Henry & Stribling) draft, signed by me, approved by me or indorsed by me, then they incontestably establish that I did have business with or for the Waters-Pierce Oil company. I submit to the candor, to the intelligence, to the fairness of this house, how does it happen that the one document, above all others, that will cover me with shame and confusion before the people of Texas, has disappeared? (Applause.) If they have it, or if they can prove it, then this whole question can be settled in an hour."

The senator said that there should be specific charges. "If they can prove that I have ever committed an act that an honorable man, a high-minded senator, would not permit, my name would never be presented to the legislature of Texas for re-election to the senate of the United States. (Cheers.) If they cannot prove this, ought not this warfare to cease, and cease at once? (Applause.) Organize your committee in your own way. It is not for me to advise. Call for the proof. Let's have no bar room scandal; let's have no street corner inquest. Let some man look you in the face and under oath accuse me, and we can settle this in an hour."

"Gentlemen of the house, I bid you good afternoon with this statement, that for four months I have been pursued with a rancor and bitterness never before exhibited against a public man in the state of Texas. If, with these four months of cruel and relentless war upon me they are not prepared to make their proofs, then you are justified in concluding that they cannot be made. The venom and determination of my enemies cannot be doubted, and if, after all they have said in the public prints and public speech, they cannot sustain the charges, then they ought never to have made them, ought they? If they can prove them, we can conclude this matter in a day."

"I will leave you in your wisdom and in your justice to say what is right. I believe you will do it, but I know—know it like I know there is a God in heaven, that if you fail to do me justice, the sovereign Democrats of Texas will do it in their own good time and in their own good way." (Cheers.)

Dreadful Results of the Felling of Kingston Schoolhouse,

## NINETY LIVES LOST

Tidal Wave Seems to Have Nearly Swept Off the Face of Creation One Portion of the Unfortunate City.

New York, Jan. 18.—The latest official news of the Kingston, Jamaica, disaster up to noon Friday reached this city from Guantanamo, Cuba, through Admiral Evans, who received it from Admiral Davis, sent to Kingston on the torpedo boat Whipple to make a brief report on the situation in the stricken city. Admiral Davis reported that Kingston was almost entirely destroyed; that 400 persons were killed, and 500 were in hospitals. The dispatch was sent Thursday morning and further reported that Kingston was then quiet.

Direct advices to the Associated Press from Kingston under date of Jan. 16 received early Friday stated the disaster was as great as the calamities at San Francisco and Valparaiso. Thousands of persons, it was then believed, had been killed, as the dead were being taken from the ruins in hundreds. A number of Americans are among the killed. The city is in ruins, but shipping in the harbor is safe, and aboard these vessels wounded are being cared for. The dispatch also states the topography of the country has been changed as the result of the earthquake disturbance and the channel into Kingston harbor has been materially altered. The body of Sir James Ferguson, who was killed, was found and buried on the day the dispatch was sent.

There have been a number of shocks since the first disastrous one and repetitions keep the people in a constant state of terror.

Havana reports that a wireless message received there states that the tidal wave changed the coast line of Jamaica and left the south side of Kingston under water.

Rear Admiral Davis wired that the Missouri and Indiana anchored in Kingston harbor at 8:30 o'clock Friday morning.

Rear Admiral Evans first heard of the disaster Tuesday night by means of an intercepted wireless dispatch and prepared to send ships to the scene. Wednesday morning he received a cable dispatch from Governor Magoon asking him to send medical supplies. The Whipple started instantly at a speed of twenty-five knots, carrying all surgical supplies the fleet could spare. The battleships Missouri and Indiana followed, but were unable to communicate by wireless with Admiral Evans on account of intervening mountains. Communication, however, is maintained through the steamer Colon, which is lying off the port. Rear Admiral Evans sent the battleships because he knew no English troops were in Kingston and feared looting by negroes there.

By the fall of a schoolhouse at Kingston ninety children were killed.

## SITUATION SERIOUS.

Flood Conditions in Ohio Grew Worse Friday Morning.

Cincinnati, Jan. 18.—Flood conditions continued to grow worse Friday. At 7 o'clock in the morning the stage at this city was 59.5 feet and rising at the rate of about one-tenth of a foot an hour. Every hour added materially to the flooded area, and the suffering among the residents of the lower sections of this city and Kentucky suburbs is great. Street and railroad car service is badly crippled and many electric lines have impassable gaps several blocks long, and improvised transfer arrangements are inadequate.

## POSTPONED UNTIL MONDAY.

Foraker Resolution Goes Over in Senate Until That Time.

Washington, Jan. 18.—At the suggestion of Senator Keen the senate postponed further consideration of the Brownsville resolution until next Monday.

The senate passed the Jamaica relief bill immediately upon receipt from the house without discussion. By a vote of 133 to 92 the house voted to increase salaries to \$7,500 per year.

## Thought Accidental.

Chicago, Jan. 18.—Archibald B. Eldridge, thirty-eight years old, killed himself while cleaning a revolver. The shooting is believed by the police to have been accidental. Mr. Eldridge was assistant chief engineer on the Burlington road and was regarded highly by President Harris of that road.

## Assassin Executed.

Tver, Russia, Jan. 18.—The assassin of Governor General Steptoff was executed Friday. Though he remained in prison since April 10 the man was not identified.

## Many Homeseekers.

## THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas, as second-class matter.

BY CARNES & WALLACE

## CITY ANNOUNCEMENTS.

The Eagle is authorized to announce FRANK CLARKE as a candidate for re-election to the office of City Secretary, at the ensuing election, subject to the action of the Democratic party of the City of Bryan.

BRYAN, TEXAS, JAN. 19, 1907.

The Texas Farmers' Union, through its delegate, E. A. Calvin, president of the union, will endeavor to have the state legislature pass a law requiring the addition of an elementary course in agriculture and horticulture to the course of study of the public schools of Texas. Mr. Calvin says this will be one of his main objects at the state capitol during the next few weeks. He has corresponded with a number of legislators in regard to the matter and says that every one to whom he has broached the matter has spoken favorably on it, and has either promised or indicated that he would support the measure, if brought up in the legislature.

## SAME OLD TRICK.

Yesterday a stranger blew into town and registered at the New Lindell. He was dressed nicely and represented himself to be a traveling man. He called on the W. B.

Flanagan house, bought a few articles of wearing apparel, and offered a check on a Houston firm in payment. The check was cashed, and the gentleman got some change back. Soon the suspicion grew that everything was not just right. The check was turned over to the bank and a wire sent to Houston. No such firm could be found in Houston. The man was hunted up, and he asked for time enough to send a message to Houston, and this was granted. He was so frank that one could scarcely believe he was a smooth rascal. In some way he gave the officer with him the slip, and he is gone. He must have walked out of town, as all the trains were watched.—Palestine Herald.

## SONS OF HERMAN OFFICERS.

The Bryan Lodge Sons of Herman has elected and installed the following officers for the ensuing year: E. Griesser, president; Philip Endler, vice-president; August Prinzel, secretary; John Wittman, treasurer; Charles Nitch, trustee. Mr. Wittman is now serving his twelfth year as treasurer of the lodge and in recognition of his faithful services the members of the lodge gave him a pleasant surprise by presenting him a fine Stetson hat which he highly appreciates.

## MINTER SPRINGS.

We are pained to announce the death of the son of Mr. and Mrs. Straub of this place. After many days and nights of intense suffering the bright spirit of little Gus returned to the God who gave it.

For the short space of nine years he made sunshine in the home of

his parents and his departure for a better world was grief inexpressible to the bereft ones, who now look forward through vistas of coming years to the glad meeting where there will be no more parting.

His remains were laid to rest at Minter Springs cemetery, under a mound of fresh earth covered with beautiful floral tributes of love, we left our little friend. A Friend.

## RELIEF FOR KINGSTON.

President Authorized to Send Ship With Necessary Supplies.

Washington, Dec. 18.—The house Thursday resumed consideration of the District of Columbia appropriation bill under the five-minute rule. During the day an emergency bill was passed for the relief of the sufferers from the earthquake in Jamaica, clothing the president with power to send the supply ship Celtic with supplies to the relief of the stricken inhabitants of the island.

After completing 400 pages of the budget the house adjourned.

## THOUSANDS KILLED.

Dead Bodies Being Taken From the Debris by Hundreds.

Kingston, Jan. 18.—The disaster here is as great as the calamities of San Francisco and Valparaiso. Thousands of people have been killed and the dead bodies are being taken from the debris by the hundreds. The whole town is in ruins.

## GOES EAST.

Sleet Does Damage In West Virginia, Ohio and Pennsylvania.

Pittsburg, Jan. 18.—The sleet storm prevalent in the southwest for several days reached here Thursday night, and as a result telegraph and telephone service throughout western Pennsylvania, eastern Ohio and West Virginia has been seriously interrupted.

John E. Mackin, eighteen years of age, a messenger, fell on the ice in front of a shifting train and was instantly killed. Andrew Matiesko, a freight handler, slipped while carrying a box and died soon after.

## Ice and Snow Covered.

Kansas City, Jan. 18.—Missouri, practically all Kansas and the northern part of Oklahoma and Indian Territory are covered with a sheet of ice and snow. Wire communication in all directions is interrupted, the weight of the ice having carried down wires and poles by the score.

## Red Cross Will Send Funds.

New York, Jan. 18.—Red Cross society will send \$5,000 to Kingston, Jamaica, for relief.

## HORROR GROWS.

Disaster at Kingston One of the Worst on Record.

New York, Jan. 18.—According to information received Thursday the Kingston horror is growing. Communication with the island is partly restored, and every message that comes through brings fresh details of the appalling catastrophe. The number of dead is placed variously at from 500 to 1,200, and the number of injured runs into the thousands. Ten thousand people are said to be homeless. The danger of famine has increased, and with it stands the specter of pestilence. There is urgent need of supplies of all kinds, and energetic efforts are being made in this country and in England to send aid.

The business section of the city has been wiped out, and the estimate of the damage is from \$10,000 to \$25,000,000.

Among the dead and injured are a number of prominent English people, and almost every dispatch adds a new name to the list.

Eight Americans are recorded as missing, and it is stated that many tourists undoubtedly were crushed by falling walls in the shopping district.

The American battleships Missouri and Indiana have reached the scene, and American officers and sailors are standing by to render every assistance in their power.

A new horror is added to the situation by reports that the city seems to be slowly sinking into the sea. The contour of the bottom of the harbor has materially changed, and two light-houses at the harbor entrance are said to have disappeared.

According to further dispatches received at London from Jamaica, dated Thursday, the total list of dead at Kingston is expected to approach 1,000. Many bodies are in a state of decomposition or charred.

The ships in the harbor are crowded with injured people, and the death list is increasing daily. Corpses lie in the streets, and are being thrown into trenches.

The fearful extent of the appalling calamity that has visited the capital of Jamaica has not yet been recorded to the outside world, and it is doubtful if even the people of Kingston are yet aware of the full extent of this disaster that overwhelmed them.

Fifty-five employees in a tourist bureau were killed. The Plum Point and Port Royal lighthouses are both at the bottom of the harbor. The navigation channel has materially changed, and in some places the depth of the harbor has been altered by from forty to sixty feet.

## Two Suits Begin.

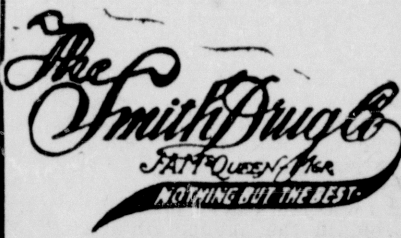

Washington, Jan. 18.—Two suits have been filed at San Francisco against United States to enforce provisions of treaty with Japan, giving to Japanese equal school advantages.

## Levee Breaks.

Shawneetown, Ill., Jan. 18.—As the result of the Ohio river flood the levee here broke.

R. R. Burns was here yesterday from Mesa accompanied by his son and farm employees, and purchased a very fine Missouri jack just received from that state by O. E. DuBose of this city. The jack is black in color, about 14 hands high and five years old. Mr. Burns paid \$400 for the animal and took him to his home yesterday.

In response to inquiry received by the Eagle regarding street sprinkling plans, the Eagle representative on yesterday asked Mayor Butler about the matter and he stated that Mr. Arch Eaves, with whom the city has contracted to bore a well in the city park for street sprinkling purposes, is still at work in the Brazos bottom carrying out a previous contract, and then he will be here and begin the new well as soon as he finishes the work he has in hand.

### A. AND M. COLLEGE BANQUET.

Elegant Spread and Some Notable Addresses by President Harrington and Others.

The Brazos County A. and M. College Club banquet, held last night at the California Restaurant in this city, was a notable gathering of members of the Alumni Association and former students, and the outgrowth of the activity of the Alumni association, under the leadership of its president, Mr. F. M. Law, in carrying out the plans determined upon some time ago for organizing A. and M. College Clubs throughout the state to the end that united efforts may be put forth in behalf of the college. As heretofore noted, this work has progressed satisfactorily and clubs have been formed in nearly all the leading cities of the state, while others are in contemplation.

The arrangements for the banquet were made by a committee composed of Robt. W. Howell, O. E. Saunders, Dr. Joe Gilbert and R. J. Potts. Dr. Gilbert officiated as toastmaster with characteristic grace and ready address. The tables were handsomely laid with covers for thirty-five.

It was a matter of much regret that the members of the legislature who were expected, as announced in the Eagle yesterday morning, could not attend. Representative Davis telephoned yesterday afternoon that on account of their duties there, it was impossible for them to be here. He added the gratifying information, however, that he was authorized by the other three gentlemen to say, and joined them in the statement, that they would do all in their power to carry out any reasonable demand of the Alumni in behalf of the A. and M.

Dr. H. H. Harrington, president of the College, was the guest of the Club, and spoke in detail of the needs of the College. His long familiarity with the institution and comprehensive grasp of all its functions and purposes enables him to present these needs in a clear and forceful way that cannot fail to carry conviction.

Other good speeches were made, notably those of Mr. Law, Prof. Kyle, Mr. Watkins and Mr. Wipprecht, to whom were assigned important subjects. There were numerous timely and valuable suggestions made to the end of advancing the interests of the College. Several of the speakers indulged in bits of humor, and the heartiest good fellowship prevailed. The importance of extending the club work was emphasized, and Mr. Law reported about ten clubs organized to date. Toasts to the College and to President Harrington, proposed by Dr. Gilbert, were responded to by all present standing.

A short business session was held and Prof. A. Mitchell read the constitution and by-laws of the club which were adopted.

A vote of thanks was extended to Mr. R. W. Howell and his associates of the arrangement committee for their eminently successful services.

### Time Tells the Story

There is a big difference between the cost of making a first-class sewing-machine, embodying the best of materials and workmanship, and one which is made in the cheapest manner. The buyer of the cheap machine soon puts the difference of price in the constant cost for repairs, to say nothing of its annoying inefficiency.

## DOLLIVER-HEPBURN BILL

Resolution Asking Texas Congressmen  
to Support It Passes First Reading.  
Austin, Jan. 18.—A resolution pre-  
sented in the house Friday morning  
favoring the Dolliver-Hepburn state  
liquor bill in congress and directing  
Texas congressmen to vote for it  
passed its first reading.

A resolution allowing four daily  
newspapers to each representative,  
providing the cost was not more than  
3 cents per copy, passed its first read-  
ing.

Representative Stillman introduced  
a resolution in which he called atten-  
tion to an article in the Houston Post  
and the Fort Worth Record to the ef-  
fect that the opposition "did not put a  
stain on his character." The resolu-  
tion provided that Speaker Love se-  
cure from the representatives of these  
two papers the names of the men who  
said that, and if not that the speaker  
reprimand these newspaper men be-  
fore the bar of the house. The resolu-  
tion was passed by an overwhelming  
vote and Speaker Love reserved his  
right to question the newspaper men  
until later in the day.

Representative Clements rose to a  
question of personal privilege and took  
exception to an article in the Houston  
Post criticising him for mileage and  
per diem bill.

## COCKE'S CHARGES.

Notified Senator Green That He Would  
File Some Accusations.

Austin, Jan. 18.—Representative  
Cocke of Bexar sent a communication  
to Senator Green, chairman of the Bal-  
ley investigation committee of the sen-  
ate, which was in reply to the commu-  
nication of Mr. Green, which gave the  
conditions under which the committee  
could entertain charges. Mr. Cocke  
stated he would file charges not later  
than Saturday against Senator Bailey.

In the senate Friday Senator Stone's  
bill requiring policemen to take spe-  
cial oath and give bond of \$1,000 for  
faithful performance of duty passed  
finally.

Senator Smith's bill, which requires  
that all evidence taken in divorce  
cases be made a matter of record and  
prohibits divorced persons from mar-  
rying within a year after receiving  
final decree, consumed considerable  
time in the senate and finally went  
over until Wednesday.

The senate passed concurrent resolu-  
tion endorsing president's action in  
discharging negro soldiers.

## DESCENDANTS' COLONY.

Granddaughter of One Siamese Twin  
to Select Site.

Denison, Jan. 18.—Mrs. Talliaferro,  
wife of a prominent physician of Chat-  
tanooga, Tenn., and granddaughter of  
Chang, one of the famous Siamese  
twins, who for many years exhibited  
themselves all over the country, accu-  
mulating before their death some  
years ago a handsome competency, is  
here for the purpose of establishing in  
Texas a colony of the descendants of  
her grandfather and Eng, his brother.  
The descendants, who number over  
100, are well-to-do.

Chang and Eng, who were natives of  
Siam, were joined near the breastbone  
by a large muscle. They married sis-  
ters in North Carolina and each was  
the father of several children. They  
had a splendid estate in that state.  
Chang's death was followed by that  
of his brother in a few hours. They  
proved one of the most profitable  
drawing cards that ever toured the  
country. They were personally charm-  
ing men and were over sixty years old  
when death claimed them.

the children during regular school  
hours object lessons from the great  
Virginian's life.

## Discount Rate Reduced.

London, Jan. 18.—The rate of dis-  
count of the Bank of England was re-  
duced Thursday from 6 to 5 per cent.  
The reduction of the bank rate was  
generally anticipated, as the 6 per cent  
rate had been so effective since Oct.  
19 that the bank had been enabled to  
satisfactorily build up its reserve.

## Separation Demanded.

Indianapolis, Jan. 18.—The delegates  
to the eighteenth annual convention  
of the United Mine Workers of Amer-  
ica adopted a resolution demanding

## JORDAN RE-ELECTED.

List of Other Officers Chosen by  
Southern Cotton Association.  
Birmingham, Jan. 18.—At a meeting  
of the executive committee of the  
Southern Cotton association the fol-  
lowing officers were elected: Presi-  
dent, Harvie Jordan, Georgia; vice  
president, J. C. Hickey, Henderson  
Tex.; secretary, Dr. W. M. Hard, Miss-  
issippi; treasurer, F. Hyatt, North Car-  
olina; general organizer, Ed Smith,  
South Carolina; financial agent, B. H.  
Burnett, Chickalah, Ark.

"Throw off the Wall street yoke,"  
seemed to be the predominant senti-  
ment among the speakers at the third  
annual convention of the Southern Cot-  
ton association. Ringing words favor-  
ing closer organization among cotton  
growers and standing up for what they  
think are their rights were cheered  
to the echo by the thousands of dele-  
gates. The delegates seem thoroughly  
imbued with the idea that there has  
been more prosperity among cotton  
growers since the formation of the as-  
sociation two years ago than ever be-  
fore, and the applauded the speakers  
who still urge closer union and further  
steps to protect their own interests  
and to refuse to allow the prices of  
the south's great staple to be fixed in  
Wall street.

W. L. Foster of Shreveport was  
cheered when he exclaimed that he  
hoped to see the time come when a  
man could not sell his cotton unless  
he was a member of the Southern  
Cotton association.

The committee on acreage is con-  
sidered the most important for the  
reason that the working out of this  
problem will be one of the leading  
subjects before the convention. It  
is expected that a reduction of acreage  
will be urged. This committee con-  
sists of A. P. Smith, Alabama; L. E.  
Love, Arkansas; T. J. Hudson, Geor-  
gia; G. N. Sevier, Louisiana; A. R.  
Killingsworth, Mississippi; W. S.  
Shaw, North Carolina; S. M. Scott,  
Tennessee; J. U. Shaw, Texas.

## FLOOD FEARFUL.

Ohio River is Higher Than For a Great  
Many Years.

Cincinnati, Jan. 18.—With the river  
flood a reality in a region extending  
a distance of more than 400 miles,  
thousands of people are suffering for  
the necessities of life and thousands  
more are homeless. All indications  
point to a stage of at least sixty-five  
feet at this city, making this the  
greatest flood since that of February,  
1884. The city authorities Thursday  
afternoon began to care for those who  
have been made homeless or are other-  
wise suffering. Mayor Dempsey and  
Chief of Police Miliken visited all  
flooded sections of the city, and the  
mayor will at once draw on the \$10,  
000 emergency fund for the relief of  
sufferers by flood. All school build-  
ings and churches in the east end have  
been opened as temporary homes for  
those whose house have been invaded  
by the river. The street car lines  
in both the East and West ends and  
in the suburbs on both sides of the  
river are crippled.

About 2,000 people in a block known  
as "Turkey Ridge," in the East end,  
have been isolated by the flood,  
which cut them off from the mainland.  
Many of them were forcibly removed  
by the police to places of greater safety  
Thursday. In Newport, Ky., the  
flood area covers about eight blocks,  
and 300 families have been compelled  
to vacate their homes. Much damage  
is being done in Covington to resi-  
dences and business houses along the  
river front. Traffic generally in the  
river district on both sides of the river  
has been suspended.

## FOUGHT HIM OFF.

Lady Makes a Heroic and Successful  
Fight for Her Honor.

Meridian, Miss., Jan. 18.—Mrs. Etta  
Thompson, wife of Jack Thompson,  
member of the Meridian fire depart-  
ment, was the intended victim of a  
negro Thursday, and made a heroic  
fight for her honor before assistance  
came to her. She was awakened by  
the noise in her room, and threw her  
hand out toward the side of the bed,  
striking the negro in the face. He had  
forced his way into her room and got  
in bed with her, but did not succeed  
in his purpose.

He threatened to kill her if she  
screamed, but she yelled lustily and  
fought like a tigress. The negro es-  
caped through a window, dropping his  
cap as he went out the cap proving  
the only clew. Floyd Campbell,  
known as "Happy Jack," a negro hack-  
man, was arrested, and the grand jury  
indicted him. Mrs. Thompson identi-  
fied the negro by the tone of his voice  
and his general appearance. When  
asked for a statement the negro sullen-  
ly replied that he had nothing to say.  
He is believed to be a dope fiend.

## DECLARE DMANDATORY.

Majority Report For Election of Unit-  
ed States Senator Adopted.

Austin, Jan. 18.—The Duncan res-  
olution was called up in the house Fri-  
day morning at 9:45 o'clock. Mr. Dun-  
can made an argument to show that  
the election of United States senator  
could be postponed. He called atten-  
tion to a number of cases in support  
of his contention. Speaker Love stated  
that he wanted to know if it was  
mandatory upon him when called upon  
to make arrangements for the election  
of United States senator. Mr. Dun-  
can believed that the Federal statute  
was directory and not mandatory. He  
asked that he be granted permission  
to spread his statement upon the rec-  
ords.

Speaker Love ruled that under the  
rules of the house the minority re-  
port was out of order and that the  
change in the majority report should  
be made by amendment on the floor.  
The chair construed the Federal statute  
as being mandatory. He said he  
had a precedent, which was read to  
the house. This was section 88 of  
congress in which here was objection  
to the election of a presidential elec-  
tor from the state of Vermont. Mr.  
Love said the decision was given by  
Samuel J. Randall, speaker of the  
house, and said it was the only au-  
thority that had been found. When  
Speaker Love concluded the Bailey  
men applauded.

Mr. Robertson of Travis stated that  
he signed the majority report with the  
understanding that he could offer an  
amendment if he thought advisable.  
He asked if it was in order.

Mr. Love stated that it was not  
mandatory to elect a senator in the  
specified time, but to ballot. The ma-  
jority report providing for the elec-  
tion of United States senator was then  
adopted.

Messrs. Alderdice and Pool submit-  
ted amendments to the Kennedy resolu-  
tion to make the measure more  
sweeping. Mr. Kennedy stated he de-  
sired to accept the amendment.

Mr. Duncan submitted amendments  
which he had offered last Saturday in  
his speech, which, he said, provided  
that if necessary the house committee  
could sit alone.

Mr. King of Nacogdoches, one of the  
youngest members in the house, made  
an address in support of the Kennedy  
resolution. He referred to the sweep-  
ing investigation resolution as a "Dun-  
can monstrosity." He attacked Mr.  
Duncan on his political record and crit-  
icized him on the ground that he was  
opposing a Democratic nominee. He  
read the nominating speech of T. B.  
Love when Culberson was nominated  
two years ago.

Mr. King insisted that specific  
charges be made against Senator Bal-  
ley. He said he was authorized by Mr.  
Bailey to say that Mr. Davidson had  
rendered judgments in anti-trust cases  
under acts of 1899 which, he said, had  
been repealed by acts of 1903.

Mr. Duncan interrupted, saying that  
he would add that specific charge to  
his resolution gladly if Mr. King de-  
sired.

Mr. King was not willing to put that  
in the resolution. He criticized an  
assistant attorney general for applaud-  
ing the speech of a pro-investigator  
from the gallery and claimed that he  
had opposed the Democratic nominee,  
was from Dallas county and was sec-  
retary of the Palmer and Buckner club.  
Mr. Patton referred to Mr. A.  
Cocke's offer to the senate committee  
to bring charges against Senator Bal-  
ley, which offer was made Thursday,  
but requested that he have twenty-  
four hours' time. He said that denot-  
ed that the investigation could be  
brought under the Kennedy resolu-  
tion. Patton said that if Mr. Bailey  
was not given a square deal the Dem-  
ocratic political graveyard would have  
to be widened, broadened and deep-  
ened.

Mr. Duncan secured the floor and  
spoke in defense of his resolution. He  
charged insincerity on the part of  
some who opposed his resolution,  
claiming that the final purpose would  
be to re-elect Bailey without an in-  
vestigation because he was the nomi-  
nee. He said he had kept his temper  
when personal shafts were shot at  
him. Because effect of opposition to  
arouse his anger he told of James S.  
Hogg and his committee coming to  
him from the Democratic convention  
and asking him to run for county  
judge. He said that this was the only  
public office he had held previous to  
this time. Holding aloft the attorney  
general's documents, he said that this  
evidence the committee declined, and  
he said that under the rules the com-  
mittee had the selection of an attor-  
ney to examine the witnesses.

Mr. Duncan said Senator Bailey's  
speech was the best argument in fa-  
vor of the appointment of a commit-  
tee with plenary powers, because he  
had made charges and reflections  
which could only be proven by going  
outside the state. He said the su-  
preme test of truth known to the  
world is a cross examination, and that  
was what he desired in the investiga-  
tion.

Mr. Duncan exhibited the \$1,750  
voucher. He explained that upon it  
was written the names of the Fourth  
National bank and Chatham National  
bank of New York. He believed that  
these two were pieces of exchange  
drawn for the amount. Mr. Duncan  
followed up the circumstantial evi-  
dence in the papers to show how nec-  
essary it was for the committee to be  
authorized to make a sweeping investi-  
gation. He referred to Pierce's letter  
to Gruet, in which it said "that it was  
now proper for the company to make  
payment to Bailey." He said he want-  
ed to go to St. Louis to see if the re-  
cord of the Fourth National bank  
showed this draft to be issued to  
Pierce or the Waters-Pierce Oil com-  
pany.

## Undulatory Shock.

Undine, Italy, Jan. 18.—A severe un-  
dulatory earthquake shock was felt at  
Tolmezzo, twenty-nine miles from Un-  
dine, at 4:20 o'clock Friday morning.  
The inhabitants, panic stricken, fled  
from their houses into the streets.  
There was no loss of life. Tolmezzo  
is situated at the southern foot of the  
Carnic Alps.
